- This device is used to hold a welding vise and is adapted to the Rhino Cart table from StrongHand Tools
- This platform is resistant enough to hold different size vises. You can fasten most vises of 3 or 4 ties on the platform thanks to the 4 notches provided
- Thanks to this vise plate for welding tables, you have more space to weld whilst keeping your vise within easy reach
- Set-up on the table with integrated assembly screws (included)

- OAL: 45.7 à 53.3cm
- Height: 15.20cm
